

Corporate UNITED STATES 2nd Edition

Read and weep. We have been played the FOOL. This by no means is an exhaustive thesis on this matter, however, this should give the reader some insight to what has and is actually happening in the supposed Land of the Free and Brave. When in actuality this is the land of Suckers and Slaves. Government is one big SCAM, run by Attorneys, British Aristocratic Regents, with forked tongues.

On December 26, 1933, 49 Statute 3097, Treaty Series 881, "Convention on Rights and Duties of States", CONGRESS replaced STATUTES with international law, placing all states under international law.

On December 9, 1945, International Organization Immunities Act relinquished every public office of the United States to the United Nations.

22 CFR (Code of Federal Regulations) 92.12-92.31 FR Heading "Foreign Relationship" states that oath is required to take office.

Title 8 USC 1481 states, once oath of office is taken citizenship is relinquished, thus the oath taker becomes a foreign entity, agency, or state. That means every public office is a foreign state, even all political subdivisions; i.e., every single court is considered a separate foreign entity.

Title 22 USC, "Foreign Relations and Intercourse", Chapter 11 identifies all public officials as foreign agents.

At 22 USC § 611, DEFINITIONS, it states in part, "As used in and for the purposes of this subchapter—

- (a) The term "person" includes an individual, partnership, association, corporation, organization, or any other combination of individuals;
- (b) The term "foreign principal" includes—
 - (1) a government of a foreign country and a foreign political party;
 - (2) a person outside of the United States, unless it is established that such person is an individual and a citizen of and domiciled within the United States, or that such person is not an individual and is organized under or created by the laws of the United States or of any State or other place subject to the jurisdiction of the United States and has its principal place of business within the United States; and
 - (3) a partnership, association, corporation, organization, or other combination of persons organized under the laws of or having its principal place of business in a foreign country.

(e) The term "government of a foreign country" includes any person or group of persons exercising sovereign de facto or de jure political jurisdiction over any country, other than the United States, or over any part of such country, and includes any subdivision of any such group and any group or agency to be directly or indirectly delegated. Such term shall include any faction or body of insurgents within a country assuming to exercise governmental authority whether such faction or body of insurgents has or has not been recognized by the United States:

(f) The term "foreign political party" includes any organization or any other combination of individuals in a country other than the United States, or any unit or branch thereof, having devoted in whole or in part to, the establishment, administration, control, or acquisition of administration or control, of a the furtherance or influencing of the political or public interests, policies, or relations of a government of a foreign country or a subdivision thereof;

Please note that the term "includes" excludes everything that is not listed thereafter. See 26 USC 7001(c): The terms "includes" and "including" when used in a definition contained in this title shall not be deemed to exclude other things otherwise within the meaning of the term defined. This double talk means that if not included within the list then it is EXCLUDED and not applicable.

The term "individual" means (14 Amendment) citizen of the United States or resident alien, thereof. See Immigration Code for definition, which is the only place in US law that this term is defined. When anyone signs a Voter Registration or purchases a "firearms" from a Federal Firearms Dealer they declare under the penalty of perjury that they are a "United States citizen". "United States citizen" are Fourteenth Amendments citizen; that is, freedmen. In *Faretta v California*, 422 US 806, 850 (1975), the United States Supreme Court ruled that everyone has the right to make a FOOL of themselves. Presidential and Senatorial Elections are unCONstitutional. The President is selected by the Electoral College and Senators are supposed to be appointed by state Assemblies. What a scam!

If you voted then you participated in FRAUD, having unclean hands and no right to complaint, in direct violation of the Constitution for the United States of America. But then that does not really matter, since that Constitution lawfully does not exist. If it existed than women could not lawfully run for the office of President or Vice President; and neither could Obama or McCain, since neither of them were "natural born Citizens", nor indeed could they possibly be. But then too, anyone convicted of committing TREASON against the United States, could possibly hold the Office of President, now could they? Ronald Reagan was convicted of TREASON against the United States in 1949, but yet he was allowed to be President, thereof, 1981-1989. Can anyone say, FRAUD.

The term terms "outside" and "inside" have to do with geographical location. The terms "within" and "without" have to do with relationship to the corporate body. The term "a" means similar to or as if; that is, usually not real or not the real thing, counterfeit or look alike, possibly even FRAUD and deception. The term "United States" means the District of Columbia and it ten subdistrict or regions: 16 Statutes at Large 19, February 21, 1871. Read it and weep!

In the about section (e) the Congress legislatively by Code or Statute have made or created de facto government as if it was sovereign. Tell me please, how is it possible of that which is a fiction or a fraud possibly be SOVEREIGN. Patrick Henry refused to sign the Constitution for the United States because he stated that it was TREASON against the Most High, the true Sovereign. He walked out of the Convention and other Delegates from Virginia, North Carolina and Rhode Island joined him. The entire Delegation from the New York walked out. There was no quorum present when the Constitution was signed as Witnesses, not Delegates. Besides the original draft of that so-called Constitution was written in London, England by Benjamin Franklin and King George III in 1783. It was Franklin's job to sell the scam to the Continental Congress to indebt the Colonies to the Crown. The Holy See bought the debt in 1794. The Republic functionally died, however, the Articles of Confederation are still alive and intact.

Title 28 USC §3002 (15)(A) states that the United States is "a Federal Corporation" and not Government, State or Republic, which mean the Judiciary Procedure are corporate rules. William Dickson v United States, 1 Marsh 117, 181 (1811), Justice John Marshall explained that "The United States of America" was a corporation and all of the politicians were the officers of that corporation. The Country is defined as the several states of the people. http://www.jusbelli.com/usofa_is_corp.html Said corporation died when Congress adjourned sine die in November. Abraham Springstein set himself up as dictator in March of 1861. However, the present Federal chartered or corporate "United States" or "District of Columbia" and its ten sub-districts or regions was created February 21, 1871, 16 Statutes at Large 419. The Birth Certificate was created, February 21, 1921, exactly fifth years later to establish or create Federal children or proceeds of said corporation, which are sold daily on the New York Stock Exchange as chattel.

Title 18 USC §3077(4) states, "'United States", when used in a geographical sense, includes Puerto Rico and all territories and possession of the United States. Note it states "Puerto Rico and all territories and possessions", sovereign states, if any exist, are not and cannot be geographically part of the Federal corporate United States, the "District of Criminals".

Federal Civil Judicial Procedures and Rules, Rule 4(j) states that the Court jurisdiction and immunity fall under a foreign State and refers reader to Foreign Sovereign Immunities Act of 1976, 28 USC §1608.

Federal Civil Judicial Procedures and Rules, Rule 81(f) DEFINITION, OFFICERS OF THE UNITED STATES. "Under any rule in which reference is made to an officer or agency of the United States, the term "officer" includes a district director of internal revenue, a former district director or collector of internal revenue, or the personal representative of a deceased district director or collector of internal revenue." This rule is now missing from published Rules. I wonder why! I have made reference to this RULE in the Temples Of Baal, since 1995. Temples Of Baal may be easily found at www.restoreliberty.us and www.theintelligencereport.tk or may be received by send your request to me. Temples Of Baal is a cynical look at the corrupt US court system and how it operates in FRAUD and Deception. "Never mind the man behind the curtain, I am the GREAT and POWERFUL OZ," saith the Black Robed Devil.

ALL officer of the courts are officers of the United States. The United States is foreign to the Republic and subject to the United Nation, British Crown and Holy See. Welcome to the land of corporate SLAVES, who are all NUMBERED and about to be tagged. Fascism is alive and well in Amerika.

There is even more, hidden from public view.
