

Who Is The Trustee

Hobie,

In my posts to date I have simply attempted to throw out a bit of food for thought. I, as an American, have a right to express my opinions. I set this food for thought upon the public table for the readers of RMNews to sample with the expectation that people would decide for themselves if it resonates with them or not. The reader could take it or leave it. Act on it or not. RMNews has many anonymous postings on any given day. I simply wished to offer some food for thought, or a bit of truth; a new perspective, while remaining anonymous.

My postings have obviously struck a nerve for more than a few RMNews Agents and readers. "Who is this "Trustee" who can make me think, or re-think, my position?" "Who does he think he is attempting to anonymously offer food for thought?"

After only 3 postings by the 'Trustee' you post a 4 sentence request, by a reader, for a "description of who this 'Trustee' is". A 4 sentence request containing the word "SHOOT", not once, but twice!! And I am supposed to jump right out there and describe, or I assume identify, myself to this anonymous reader?

Please understand if I appear to be a bit timid about identifying myself. I sit in a rather precarious position at this moment, having had two (2) serious attempts, not threats, attempts, on my life in the past 8 months. One placing me in the hospital, the second attempt missing my temple by inches. But, that is my problem and a risk that I willingly accept to ensure the future, in a free republic, for my children, grand children, great grandchildren and even for the children and grandchildren of the anonymous reader who "Doesn't want to shoot you or!!!"

So, in the land of free speech, the people demand to know who this anonymous 'Trustee' is who has the nerve to offer up food for thought to the good Agents and readers of RMNews, so.....Let me see if I can ease the fears of the hungry masses!

I am an adult male, being of age and competent to testify, having firsthand knowledge of the facts contained herein, whom has sacrificed many years of my life to ensure the resurrection of the republic and to ensure a free future for my heirs. I have lost my freedom, my wife, my home, my savings and investments for this cause. I have been kidnapped, threatened, tricked, lied to; my family has suffered repeated attacks by the government in an attempt to coerce me into dropping what I have been doing.

In the past 6 months I have been investigated by the U.S. Marshals, U.S. Treasury, U.S. Secret Service, U.S. Attorney, the Ohio Supreme Court and each and every one of them have determined and acknowledge that I am an American sovereign having no contractual obligations or liabilities to the corporate U.S.

These investigations, some of which were initiated by myself, have further brought about acknowledgement by the corporate U.S. that the evidence exists as a matter of fact that my

account is PRE-PAID and PRIORITY EXEMPT FROM LEVY, having established in fact that the corporate U.S. has used my credit for the creation of funds.

It has further been established in fact, and acknowledged by the corporate U.S. that I AM one of the Trustees of the U.S. receivership.

As one of the Trustees of the receivership I have a valid contract with the corporate U.S. to operate as a National Banking Association with the authority to issue notes and other instruments for the purpose of redeeming the private property of the American People that has been placed at risk to collateralize the bankruptcy via discharge of the debt. I have been issued an ABA Routing number through the Federal Reserve for this purpose.

As Trustee I have documented and registered the dishonor of the corporate U.S. in this receivership. I have documented and registered the bankruptcy obstruction authorizing the Trustees to intervene for the remedy of the creditors.

As Trustee, I have taken steps to cure the obstruction and ensure the remedy for the creditors. The key here folks is I HAVE TAKEN THE STEPS TO..... I DO NOT have the leisure of watching the TV or playing fantasy ball while Joe fights the good fight
